GMV by month — no month beats November 2017

New vs returning customers — returning is 3.1% of the base

Growth came from volume, not basket size

Late Rate by month - the Nov 2017 backlog

Delivery Late Rate

6.8%

Review On Time

4.29

Review Late

2.27

Review Gap

2.02

Late delivery is geographic — the Northeast carries it

Every day late costs stars — the first three days cost the most

On-time scores are flat everywhere — geography isn't the explanation

Lateness barely varies by category
